SUMMARY

Junior Backend Developer skilled in .NET C#, RESTful APIs, and database management, focused on delivering secure, stable, and scalable solutions.

EDUCATION

Bachelor's Degree in Software Engineering, PUCRS	Jan 2023 - Dez 2026
Integrated Technical Degree in Informatics	Jan 2018 - Dez 2022

WORK EXPERIENCE

Software Engineering I, Dell technologies	Jun 2025 - Present
Software Engineering Intern, Dell technologies	Jun 2023 - Jun 2025

I work in a team managing a microservices-based application ecosystem, including backend APIs and jobs developed in .NET C#. I handle maintenance, customization, and ensure stability, security, and continuous improvement.

- Develop and maintain RESTful APIs in .NET C#.
- Implement new features, fix bugs, and address vulnerabilities.
- Create and optimize PL/SQL scripts for Oracle databases.
- Manage relational and non-relational databases.
- Write and execute unit tests to ensure code quality.
- Review Merge Requests, enforcing development best practices.
- Participate in DevOps processes, including deployments, secrets management, and vulnerability monitoring.

Software Consultant, Trace Sistemas	Abr 2022 - Jun 2023
Managed software consulting tasks, including database queries, integration testing, bug resolution, handling client requests, and supporting package delivery.	

IT Support Intern, Uniasselvi	Jan 2020 - Dez 2022
Managed software consulting tasks, including database queries, integration testing, bug resolution, handling client requests, and supporting package delivery.
